Russian International School believes that self-respect and respect for others are essential traits for individual success and the establishment of a supportive school culture.

Russian International School believes that the best consequence is one that is designed to:

- (1) support students in taking responsibility for their actions;
- (2) develop tolerance;
- (3) teach alternative ways to achieve the goals and solve problems that can motivate the unwanted behaviour.

Russian International School believes that parents have a responsibility to educate their children as to what is acceptable behaviour in line with school policies. Students must learn that expectations of behaviour change from environment to environment. RIS believes that Students play an integrated part in being responsible for everyone's welfare in the school and should never walk past what they deem inappropriate behaviour in the school community. RIS believes that cyber-bullying is a significant area that extends into other environments and community.

Rationale:

- RIS should be a safe and healthy place for all staff, student and visitors.
- RIS promotes healthy lifestyles through Personal, Social, Emotional and Physical Development.
- RIS models good safety practice throughout the school premises.

The school has, and will maintain, appropriate fire detection and fire-fighting equipment, which meets statutory obligations. Emergency contact details of the parents and guardians of all children in the school as well as the teachers and supervisors are kept in the Administration Office. These are updated regularly.

Children arriving at school

- Lessons start at 8:00 am, however as far as reasonably possible supervision will be provided in both the Junior and Senior yards from 7:30 am.
- Children should gather for the Assembly once the first bell rings at 7:55 am daily.

Children leaving school

Parents or guardians of children in Junior and Senior Sections must collect them from the designated areas as per Schooling Timetable.

- Children are supervised throughout the school day, by their class teachers, supervisors on duty, staff members and/or colleagues.
- In case class teacher's absence, deputies are engaged. In cases of longer term absences, substitute teachers are engaged.

Regular and punctual school attendance is important to take full advantage of the educational opportunities. RIS fully recognizes its responsibilities to ensure students are in school and on time, therefore having access to learning for the maximum number of days and hours.
